

2014 TIES Secretary's Report

Rosaria Ignaccolo

Activity and Focus Since Last Meeting

- [Organization of METMA VII-GRASPA14 as TIES 2014 regional meeting in Torino.]
- Currently we have an updated dataset on members from ISI, after having given the list of 61 Associated members from the TIES2013 conference. A membership report with current year and historical data is provided (Appendix 1).
- An email has been sent to 84 people with “student” status in 2011 (10 email address do not exist anymore), 120 people with “student” status in 2012.
- In conjunction with President and Webmaster established “**strengthening_TIES**” email list. It is an email list that anyone can join (self subscribing) with the objective of the list providing an opportunity for all members or those connected to TIES to send a message to the TIES community.

Planned Activity and Focus Going Forward

- [Working for a special issue on Spatial Statistics related to METMA VII-GRASPA14 conference.]
- As a transitional arrangement for 2015 - managing all student members directly – rather than being managed by ISI's Permanent Office.
- Update TIES Handbook to ensure information is up to date through to 2015 Presidency period.
- Work collaboratively with Membership Committee on initiatives to increase members
 - send all Associate Editors of *Environmetrics* Journal a specific email inviting them to join TIES
 - TIES Secretary and TIES President to consider Australasia's ability to become a region

NOTE from ISI:									
A membership year runs from January to December but in order for us to prepare the database for the 2015 invoicing the TIES only members who still haven't paid for 2014 were cancelled on the 28 th October, same for the TIES/ISI members who haven't paid for 2013 and 2014. I am making new selections now for the ISI and all the ISI Associations members and this table will reflect the invoicing for 2015. Members who still pay will be made active again and receive an invoice and will be noted under the heading "reinstated".
